NOTE: NCIC "WARRANT" IN EXHIBIT D.C. PAGE 150
CAN YOU SCAN WITH CARE AND OVER 150 PAGES
THE LAST SCANNES SUKED -1-11-16

On November 6, 2015 the Appellant tried to seek the "assistance" of the "Civil Officer", via emailing documents, would request accessing from Adobe Acrobat D. C., however, unable to upload at this time.

See Attachment 1 relating to email chain and Motion for Correcting the Record under Rule 10.

The Appellant is IFP and cannot afford to print and mail documents, which number over 120.

Furthermore, "EXHIBIT 4" of [DKT 22] is created through Adobe Acrobat D. C. which should be applicable in Washington D.C. considering even the Government "Printing" Office GPO is now publishing without paper and saving time and trees.

Sending paper then scanning not only kills trees, it kills the intension of the science behind electronic publishing, which Congress has spent untolled Billions in Grants helping to create.

NOTE: SENT ON 11/6/15 @ 98030 POST OFFICE WITH 8500
ATTACHED - NEVER RECALCULATED
ALSO - ECF - SHALL BE "PROOF OF SERVICE"

Is the “judicial power” under Article 3 destroying the Article 1 Section 8 Clause 8 Science? Which has rendered filing documents through the USPS obsolete even with the opinion of the “one Supreme Court” they are not our Supreme Ruler!

Lastly, the Appellee tyrant has received notification through email and his assistance a treasonous jurists, at the 555.

Mrs. Curt was very curt, claiming I “was informed not to call her by the receptionist” in reality, Appellant, acting as his own counsel, was given her direct number 202-252-6736.

Why should a “Civil Officer” be able to access the ECF, to defend a tyrant it is an act of treason upon the Constitution.

The Appellee is entitled to a Grand Jury only in the context of being “held to answer”, in committing a 18 USC 285 and other Title 18 crimes, the fact he is now represented by someone committing 18 USC 1031 is another matter in and of itself and now constitutes a 18 USC 286 or 371 among other Title 18 crimes.

The District Court obviously committed 18 USC 2076 by suspension of the email and filing of the July 13, 2015 Rule 46 Motion and Recusal before the Judge made the determination of the Certificate of appeal ability, while the motion was in route under Article 1 Section 8 Clause 7 “first class”. Yet already received through Article 1 Section 8 Clause 8, science. See “information” “immediatly added”.

And violation of ‘positive’ law under 1 USC 204

The Appellant Motions the Court to permit the filing of documents in Attachment 1, through email until ECF access is granted.

Furthermore,

See email chain attached as verification of service of the documents associated with this motion and this motion itself.

Respectfully,

Counsel,

I am requesting assistance to have the attached motion and documents filed in the Court, since I have yet to receive an order for ECF filing, fraud was committed and I should have received discharge through 18 USC 3182...

You might want to reconsider your position as far as defending traitors, when you should prosecute them.

Also all ECF filings, since IFP and unable to pay PACER fee you received notice of Since 9-29-2015. It was free so I should have them free and not charged a fee, I was not permitted access to anything, except a golf pencil and paper, oh and "first class" mail, after returned to face involuntary servitude without being duly convicted via 18 USC 3182. Therefore, could one of you send the documents I would like to have them.

Lastly since I was not discharged I was recharged under the same warrant as you can see in the Exhibits, this "warrant" removed me from the Law Library of Congress, I knew the "warrant" was bogus that is why I demanded to see it before

Appellee allowed me to be kidnapped and taken back to the land of lawlessness to serve involuntary servitude perpetually.

I would like a decision on assistance on efilng perhaps you could ask your comrade Robert Little.
I'll keep Congress informed of the information.

Thank You

I'll wait until Monday to Print and send Third-Class mail.

Kurt

Counsel,

My apologies I misspelled your name, in the original email.

Three questions.

- 1) will you e-file the documents? under the "public trust"?
- 2) Can I get every document you received notice since 9-29-2015 notwithstanding today.
- 3) Would you like me to resend the returned "first class" mail or have you obtained it electronically?

Please provide the "information" to these questions...

Thank You

FOR THE DISTRICT OF COLUMBIA CIRCUIT

KURT MADSEN

APPELLANT

V

WILLIAM SMITH

APPELLEE

MOTION FOR CORRECTION OF RECORD
A GENUINE CORRECTION OF CORRUPTION

Reserve briefing on Marbury v Madison... Leading Case

Rule 10 (e) (3) permits questions regarding the content of the record to be considered in the Court of Appeals.

In the alternative the Exhibits shall assist a Jurist of reason to see the acts of treason upon the Constitution of the United States, by an apparent conspiracy to circumvent "positive" law of 18 USC 3182. The treasonable jurists, eliminated and suspended the Privilege----- para materia----- and equal to Right of Habeas Corpus under Article 1 Section 9 Clause 2.

Correcting the record is in the interests of Justice.

Therefore, the Appellant prays the Court will allow the following documents, which were not available to Appellant due the Appellee's and treasonable jurist's actions.

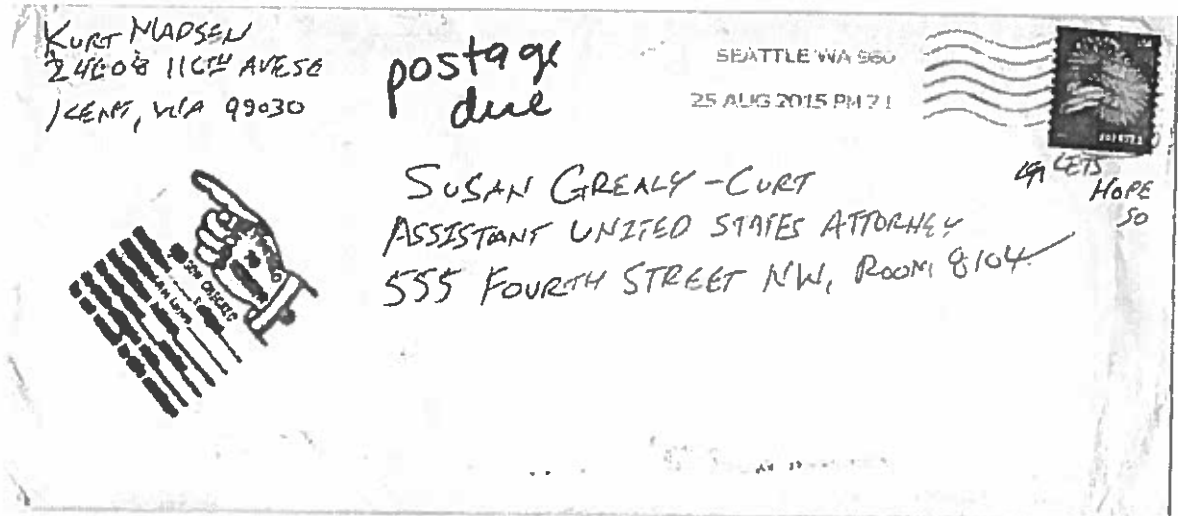

Furthermore, the documents should also be considered in Appellee's Motion to Revert or Motion to permit Rule 60 (b) motion.

- 1) EXHIBIT 4 [DKT 22] RULE 46 OBJECTIONS
(Mailed Electronically on July 13, 2015 then sent via Certified Mail on July 15, 2015 before DOA of COA)
- 2) EXHIBIT 1 (Original Writ of Habeas)
- 3) EXHIBIT 2 (Governors Warrant File 8-14-2014 Rejected 8-18-2014)
- 4) EXHIBIT 3 (Governors Warrant File 9-25-2014)

These documents are associated with the fraud in the Article 1 Section 8 Clause 17 District.

Also, on August 24, 2015, the Appellant Certified the mailing via First-Class Mail, that Appellee received notice of the Motion for an extension of time for filing initial submissions.

Appellant received a returned envelope unopened, after an analysis of why the First-Class mail was returned Appellant realized his mistake.

Appellant neglected to include the ZIP CODE, perhaps through his haste he created more waste, which had he simply just received the ability to e-file in the Court, moreover, District Court, some time on both sides of the Country, could have been saved along with Appellants Liberty. As Article 1 Section 9 Clause 2 was intended to obtain for acts of lawlessness.

Appellant shall resubmit the “first-class” mail, which won’t last forever snail mail is only used in jails because justice fails inside the incarceration industry created through “information”.

“Live by the sword die by the sword!” in the information age and in Generation Z.

The incarceration industry treats people like the “imported people” of post- 911 or the Domestic Terrorism after “say what the law is” in the post Art.1 Sec. 9 Cla. 1 or circa the expansion of slavery after 1808...

You all must start to understand who these people who treated the “imported people” who lost their \$10.00 “investment” invented “information” to circumvent the 13th Amendment and eliminated the essential essence of Due Process of American Law. And the right of a Person, imported, migrated or accused has immunity from prosecution unless indicted by a Grand Jury as embodied in the 5th Amendment. Under 18 USC 3182, “held to answer” should last only 30 days throughout the Nation, by the same under “importation”, “deportation”, “exportation” or “extradition” through requisition or otherwise criminal accusations of a Person.

Doesn’t every United States “Civil Officer” take an Oath which ends with “So Help Me God”.

Then the final phrase in the Declaration of the 13 United States of American in 1776 states “Sacred Honor” Also the “Supreme Law of the Land” as defined in Article 6 Clause 2, People acting under the authority and Oath under Article Clause 3 are not required to take a religious Test for a position of

public trust, however, when people start using the United States Treasury as a “trust fund” and obtain “grants” to cage People without the protections, privileges and immunities of “We the People”, Sam “Huston we have a problem” encompasses the entire Union.

In Corinthians 13 13

“Three things will last forever—faith, hope, and love—and the greatest of these is love.”

One would think the sacrifices of People in the Civil War and One Country One Constitution and One Destiny, “one Supreme Court” would interpret the incarceration industry and protect People.

Therefore the 13th Amendment would last forever, unlike the injustice of Judges acting with impunity, the 13th Amendment is simple:

“Neither slavery nor involuntary servitude, except as a punishment for crime whereof the party shall have been duly convicted, shall exist within the United States, or any place subject to their jurisdiction.”

Consider this; Due Process consists of Three things “We the People” expect to last forever, unlike Easter Island. Life, Liberty and Property.

Considering People give their Life and abandon Property the greatest of these is unequivocally and “emphatically”, not concluding “say what the law is”, the greatest is Liberty, People can live Life without “property” contrary to the “one Supreme Court”.

Without Liberty “No Person” wants “property” or Life.

Therefore, “Lets Hope So” and referencing “FOREVER”, on the envelope, was based upon the above analysis not intended to allow one concept of Article 1 Section 7 to last forever, “We the People”

have now through Article 1 Section 8 Clause 8 found a way to save trees like the Constitution was intended to save People.

I have requested the Service of a "Civil Officer" to e-file to save some trees, appointed like a Judge under Article 2, and not as easily removed as a Judge under Article 3, whereby some act with impunity when they might get Trumped by a Person who might not be able to their duty under Article 2 Clause 1 Section 8 to "preserve, protect and defend the Constitution of the United States" a Judge who acts with impunity does not have immunity from a Persons "Ability" to simply say "YOUR FIRED", and find someone better, an appointment as an Article 2 Civil Officer does not last forever, because the "master of the game" can "say what the law is" after an Article 2 Section 1 Clause 8 Oath the Presidential Power Trumps any appointed power and is subjected to being Trumped by "Your Fired!" since the Person might not be able to "Make This Country Great Again!" unless those leaching of the system by only doing 25% of their "power" and paid 100% or those who rely upon the "Rule of Flaw" created in 1803, overruling the Supreme Law and "positive" Law 1 USC 204, And attain the greatest asset of its design and our genuine Manifest Destiny for all People is Liberty.

Let's Get Busy!

Whereby with it "We the People" attain the greatest Life and accumulate proper property.

Respectfully,

November 7, 2015

Court Clerk,

Attached is an "ATTORNEY/PARTICIPANT REGISTRATION FORM"

Also is an ECF Notification to Respondents Page...

Lastly is a Registration Form for ECF status in another United States District Court... Which was approved without filing "Leave"...

Due Process of Law regarding Liberty and Article 1 Section 9 Clause 2 Privilege of Writ of Habeas Corpus requires an analysis of the "supreme Law of the Land" of the Constitution of the Union of the United States and the Genuine Laws created under Article 1 Section 1.

The Privilege of Writ of Habeas Corpus was already Suspended by the Judicially created "Rule of Flaw" within the Article 1 Section 8 Clause 17 District, furthermore by Officers whom have violated their oath under Article 6 Clause 3 and 5 USC 3331....

Judge Collyer's denial of ECF Access and the "Court Rule" which requires "Leave" for filing as a Self-Represented Person in need of a Writ of Habeas Corpus Suspends the

Constitutional Privilege. Moreover, requiring "Leave" violates the Privileges and Immunities as I am a United States Citizen born on March 4, 1969 in King County Washington State.

Therefore, under your Oath under Article 6 Clause 3 and 5 USC 3331 and the other for United States Court employees, the Constitutional right to "Equal Justice Under the Law" ie. The "supreme Law of the Land" as defined in Article 6 Clause 2 is the Constitution of the Union of the United States and the Legislative Branch under Article 1 Section 1 Laws.

The United States District Court for the District of Columbia "Local Rule" is notwithstanding, regarding your Oath to be bound to support the Constitution of the Union of the United States.

As you can also see in the attached {...7-15-2015 Scanned...*.pdf} It cost including 5 "forever stamps" \$7.22 American Dollars I had to borrow to send the "Recusal and Rule 46 Objections" Motion...

Now the Court Clerks office will have to scan the Document which not only wastes time, the file loses it's PDF attributes and increases the capacity beyond the 5MB limitations of ECF/PACER.

Can the ECF Clerks Office consider supporting the "supreme Law of the Land" ? and prevent any further Suspension of my Privilege of Writ of Habeas Corpus in violation of Article 1 Section 9 Clause 2 and bridge the current abridgment on my speech and press in violation of the 1st Amendment which is a deprivation of Liberty without Due Process of the "supreme

Law of the Land" and Article 1 Section 1 Genuine Law, which violates the 5th Amendments embedded entitlement...

I already have ECF approval in another District Court and have filed several pleadings using the ECF system, therefore, any training or taking a Test should be MOOT.

I know the Chief Judges in Every District Court of the United States had written a letter to the President of the Senate, whereby the United States District Court Chief Judges consider their Courts are the "Boots on the Ground"

Please DO NOT give me the BOOT and continue to consider this case MOOT as Judge Collyer had considered...

There are several pleadings which I intend to file, to CORRECT the error in Suspending my Privileges and Immunities as a Union of the United States Citizen and Person entitled to Liberty protections from the "property" considerations of "The Enemy Within"

Thank You....

As indicated in the attached files, I have Motioned for recusal of "The 'Judge'", and Objections.

Which cost me \$ I DO NOT HAVE, moreover, it is a pathetic waste of your time and mine...

Obviously your Oath is immaterial, however, I am not going to question your integrity or ethical obligations in your position of Public Trust.

The Clerks Office should receive the USPS SNAIL MAIL Certified motion and we can go back to square one with a Judge whom Acts in "good Behaviour"...

Unless of course the SNAFU continues and my Privilege is further Suspended...

Thank You for your "help" "So help me God" I am relieved of the Despotic Disposition of the Departments "Judge"

Have a Nice Day and enjoy your unpaid days off over the weekend...

I'm sure it's been such a taxing week upon your Department dealing with Despotic dispositions.

P reported to this office and stated he had to go to court. P produced a letter which stated that P had filed an emergency motion suspending appendix H of his JBRS. The Order stated that P's motion was denied. I took a picture of this letter with my DOC issued phone as our copier/copier/scanner was malfunctioning at the time. I contacted CCS Vanzandt who stated that P will need to report to CCO McJilton tomorrow 11/05/2016 at 10am. I relayed the information to P who acknowledged.

Updated discovery served to P for his rescheduled DOC hearing on 10/14/15. This officer met with P at SCORE in his housing unit. P was not agitated and appeared to have calmed down from his outbursts during his DOC hearing this morning. CCO issued P updated discovery with the new hearing date. P complained the hearing time frame was overdue and that 10/14/15 was beyond his 30 days of allowable confinement time. CCO told P 10/14/15 would be his 29th day in custody on his DOC detainer. However, CCO agreed with P that it was very close to the maximum allowable sanction DOC could impose. P looked through his discovery documents and accused this officer of withholding documents from him. When CCO asked P what he was looking for, P replied he wanted his warrant and the chronological entries from his case file. CCO advised P the warrant he wanted was included in the discovery packet. Regarding the chronological entries, P was reminded he has been notified to obtain those documents through DOC's Public Disclosure office. P confirmed he found the warrant in his stack of discovery. But he stated he did not want to obtain chronologicals through Public Disclosure when DOC could just print them from any computer. P stated he needed these records since they were being used against him at his hearing. CCO told P the discovery packet he is receiving is thorough and contained everything the Hearings Officer would have on 10/14/15. Before leaving, CCO asked P if he wished to sign for his discovery packet. P confirmed he would and was provided a pencil from this officer to do so. But instead of signing, P said he was writing a list of demands. CCO told P he may sign, or not sign for his packet, but was instructed not to write anything additional on the HRW. P did not respond and continued to write. During this interaction, P was standing at a waste high counter used for shaving. When this officer stepped towards P to take the paperwork and pencil from him, P hunched over his paperwork and rolled his shoulder forward and down to keep this officer from taking it. CCO was standing close to P when he made this move. When P did so, CCO grabbed P in escort position by his left elbow and held P at arm's length away from this officer and the counter. Within a few seconds, a SCORE CO took control of P from this officer until P relinquished the paperwork and pencil. Once he did so, the CO released P. CCO thanked P for returning these materials. P was provided with his copy of discovery and reminded it contained everything the Hearings Officer would receive for his rescheduled hearing. After leaving P's housing unit, CCO notified CCS Raybell of this incident. No further action is required.

CCO DavisCourt and I picked up P from KCJ. P was presented at baseline being hostile and verbally disruptive. P was transported to the SMH campus where he was given the following verbal directives to: sign up for services through SMH Re-entry and to report to me before 3pm tomorrow 4/3/15. P was also given the following written directive and a homeless verification tracking sheet: stay at a Seattle area shelter that can be verified by DOC until you provide DOC with a valid address that doesn't violate his conditions of supervision. P was completely hostile and verbally escalated during our interaction. He assumed that I was unaware of what a Nazi SS Storm trooper was but called me that anyway. He also answered all of my questions and responded to my verbal directives by saying "Yes master." P indicated that he felt I was in violation of the law or something I have done in the recent past but did not elaborate beyond repeatedly telling me that he will be dragging me into court and that a judge will set me straight. I left P on the sidewalk in front of SMH and I reminded him before I left that failure to comply with the directives I gave him and to report as directed would result in another violation and his arrest.

3/24/15, I covered P's violation hearing at KCJ. HO Reco Rowe could not get P to stop being disruptive. P kept insisting that DOC has no jurisdiction to sanction him and that this matter should be done before a "real" judge. P had a 2 page long appeal that he wanted to submit but was informed that HO Rowe would not take his appeal as he would need to follow the process described by the hearing appeal handout he was given. P seemed undeterred and kept insisting that DOC's hearing process was not lawful under United States Code. P's disruptive behavior made continuing with the hearing impossible so HO Rowe had P removed from the hearing room and we continued in his absence. P was found guilty of all violations and was sanctioned to 28 days with credit for time served since his apprehension in order to facilitate his release on a weekday. I requested that P be released to my or other SNU unit CCO's custody on 4/2/15 so he can be transported to a MH provider and given the opportunity to sign up for services.

CS- Sent summary of why p has geo boundaries to stay out of south King County to CCO Wootress in preparation for p's vio hearing on 3/24: DOC Victim Service Program has been involved in Madsen's case since 2006. He released 12/26/06 on 2004 felony DV case to Pierce County. His 2004 felony case occurred in Kent, WA. The victim of that crime has a current civil protection order vs him. She has LKA in Kent that is close proximity to offender's brother and mother's home in Kent. He had standard conditions to not leave Pierce County without permission. In April 2007, he was allowed into King County and directed to stay out of incorporated and unincorporated Kent. He appealed these conditions and that appeal was denied. This case was closed in March 2010, when court of appeals vacated this conviction. He went back to prison on current cause AC-2011. This crime occurred in Kent. The victim and two businesses listed on his J & S no contact conditions are in Kent. He released from prison on this case 5/26/13. Geographic boundaries were imposed on this cause restricting offender from south King County. In review of this offender's criminal history on DISCUS, the majority of his criminal convictions occurred in south King County. He has been through at least ten DOC violation processes since December 2006. Many of these violations included allegations he violated DOC imposed geographic boundaries. CRU has arrested him in Kent at his family's home several times. Each time p and his family have not been cooperative with DOC or law enforcement.

She is hesitant to do so because of past experience with Kent PD and likelihood person who knocked would be gone by time PD arrived.

NW CRU has received a CRU WANTED referral for Fugitive investigation. This case will be adopted and assigned to NW CRU Officer Specialist Rongen/Conaty on this date.

I sent the following e-mail to P today in response to his FTR at 9am today: Mr. Madsen, Per our conversation yesterday by phone you were given a lawful verbal directive by me to report to my office today, 12/11/14, at 9am. As you did not report as directed, today at 9am, I am in the process of requesting a Department of Corrections Secretary's Warrant for your apprehension. As you are likely aware due to your classification level this warrant is serviceable in all 50 states and territories of the United States. You are in violation of your Community Custody and will be arrested upon contact with DOC staff or law enforcement personnel. I am sorry that you are unable to understand the reality of your present situation; however, until such time that you have secured a judge's order that terminates the supervision you have been ordered to complete I will continue to operate under the policies that the Department has in place while exercising my lawful authority to restrict you from activities, associations or geographic locations that are considered by the Department to increase the likelihood of your non-compliance with the conditions of your supervision or that jeopardize community safety. You have had 4 previous Swift and Certain violation processes under this cause. This means that you are still eligible to have a 3 day short term confinement sanction to address all of the current violations of your supervision that I am aware of at the writing of this e-mail. None of your current violations constitute a high level violation and provided you are cooperative then I have no reason to request aggravation of your violations to a full hearing at this time. This means that if you were to turn yourself in to my office within 7 calendar days of today that you will be eligible to do the short term 3 day sanction rather than going before a DOC Hearing Officer at a full hearing process which will have you in jail for 10-12 days at a minimum. I understand that you are frustrated and very angry with DOC's decision to not allow you to reside at the reported address with your brother. Feeling out of control of your life or under the control of another person or government agency is definitely not something that is pleasant or welcome. I hope you can understand that this situation will not go away and that running away is just delaying the inevitable. I am hoping we can get this matter taken care of and work on your housing situation upon your release.

I rec'd the following e-mail response as a CC addressee on the following e-mail intended for Lin Miller- Mr. Miller, Could you please intervene before CCO Wootress issues a warrant for my arrest, or attempts to make one, which would violate due process of law and equal protection of the law... also 42 usc 1983, 1985, you and Vanzant (whom I have a conflict of interest with) would violate 42 usc 1986 because you should prevent my denial of equal protection and due process of law, and have the proposed address investigated and eliminate the intent of Wootress to force me into homelessness or be arrested. On 12-9-2014 I informed Mr. Wootress that I can no longer be homeless in Seattle, which I have been for the past 60 days since I was returned from Washington DC... at a cost of at least \$45,000.00, for the chartered jet. Although my Community Custody was originally out of Auburn, I had submitted an address in Seattle, only to use the voucher program, however, for unknown reasoning the case has remained in Seattle, where I have

been repeatedly abused, unless I succumb to homelessness. I am repeatedly given a different cco, who then makes up their own conditions of my custody. When I spoke to Wootress on Tuesday, he said he would come out to 24608 116th ave se kent, wa 98030, within the next 10 days and I am to return on 12-30-14 by 3:00. Nothing in my J&S indicates I can no longer live in Kent, also a recent decision from division 1 court of appeals in a PRP, states I was released and the issue is moot, the DOC did not appeal the decision. Mr. Wootress now informs me he will not even consider the address, which now forces me into again being homeless, this is form of ex post facto and inflicts cruel and unusual punishment, both prohibited by the federal and state constitutions. Mr. Wootress has asked me to come to his office at 9:00am, his intent is to make an arrest. I obviously don't have time to file anytype of court pleading before Wootress issues a warrant, or attempts to make an arrest. Can you allow the address to be approved or at least investigated since nothing in the j&s prevents it? CAN YOU PLEASE RESPOND ASAP KURT MADSEN 964228

Upon reviewing P's case to determine if there are any reasons P should not be staying in Kent I noticed that I had overlooked a imposed condition from a previous CCO from 10/31/13. That condition restricts P from travelling South of Hwy 518 or 405. I discovered that the address P gave me is next door to the ORP address to his parents place that was denied due to victim issues. Also it looks like from the chronos that DOC has had issues with P living at this address in the past and that his family is hostile to DOC. I contacted Angela Coker the section 5 Victim Liaison who confirmed that the original reasons for not allowing P to use his parents address as a release address is still an active issue and that P should not be allowed to stay in that area unless extreme measures are put in place such as GPS monitoring. With this information I next called P on his cell phone and had a conversation with him about the housing situation. I informed P that I had staffed his proposed address with management and administrators at DOC and that it had been determined to not be an appropriate place for him to stay. P went into a tirade about my lack of authority to tell him he needs to be homeless to which I told him I am not telling him that he has to be homeless, but rather I am telling him that he cannot stay in Kent at the address he provided to me. P kept telling me that I was violating his rights and that he might as well just go back to Washington DC. I told P that these are choices that he can make but they are not very productive as eventually he will end up right back here homeless in Seattle. P was very upset and would not allow me to articulate my reasons for why I would not approve the address and I eventually had to just cut him off and take control of the conversation. P was directed in no uncertain terms that he is to not stay at the address anymore and that he needed to report to me in person at 9am on 12/11/14. P wanted to continue to argue and I again cut him off and informed him that I had just given him a verbal directive and failure to abide by this directive would result in a violation. I ended the conversation by saying that I would see him at 9am in my office and I hung up.

12/9/14, P reported as directed. P reported that he doesn't want to be homeless anymore and said he has been staying at his brother's place located at 24608 116th Ave SE, Kent, WA 98030. I asked P the usual questions about the house, occupants, hazards such as dogs or firearms and whether he had restricted contact with anyone at the address or at his parents next door, i.e. an active NCO. P said he has no issues with

having contact with his brother or his mother and step dad who live next door and that there are no firearms or dogs at the residence. P said he would be the only occupant other than his brother Perry Madsen. I told P that he could stay there pending a home visit and that I would be down in the next 10 days to take a look at the address and ensure it was appropriate. P was his usual abrasive self and made the usual comments about DOC and our lack of authority in his life. P was directed to report back to me on 12/30/14.

10/28/14, P reported as directed. I introduced myself to P and proceeded to bring him into the secure area of the CJC. P handed me a completed monthly report which included a couple anti-DOC/legal rants about his rights being violated and DOC staff not understanding the Constitution. I directed P to the UA area where I informed him that I would be collecting a UA specimen. P seemed a bit put off but I proceeded to ask him if he had been using drugs or alcohol and if his UA would be clean. P responded in a confrontational voice that he doesn't do drugs. P submitted the specimen which was negative for all controlled substances. P and I went to the interview room so we could talk. P didn't present as rude or demeaning to me as he has done with female CCO's Isaacs and Bullard. It seems that he may feel some hostility toward women. P reported that he has found what he referred to as permanent housing at the BOL mission and is apparently helping out with maintenance there. P thought this would be automatically enough to start reporting monthly. I asked P if he had a housing contract or a lease and P said no he is staying in a room at the shelter. I explained to P that at best this was transitional housing and in my mind since he can only stay there when the shelter is in operation during the evenings that this was not what I would determine to be stable and permanent housing and thus he would still need to report to me weekly. Additionally I informed P that I can direct him to report on any schedule that I determine is necessary to monitor his compliance and given his lack of compliance thus far he would need to be doing well for a couple of months prior to any relaxation of his reporting requirements. P argued against the constitutionality of his continuing to be supervised by the Department throughout our conversation and at one point made a snarky comment about my unfamiliarity with the 4th Amendment; at this point I recited the 4th Amendment, informed him that I am quite familiar with the Constitution of the United States including the Bill of Rights and all of its Amendments. P was slightly taken aback and then said that I had never sworn an oath to defend and uphold the Constitution. I then informed him that I work for the State of Washington and have taken an oath to defend and uphold the State's Constitution and that all of DOC's policies under which I operate which are reviewed by the State Attorney General's Office to ensure that these policies are in line with both the Federal and State Constitutions. Additionally I explained that as I do my job and follow these policies that I am in fact acting in good faith under the Department's authority and thus not in violation of Title 18 USC which he continually referred to in an attempt to intimidate me. At this point P said he didn't want to talk about the legal issues that apply to his supervision anymore and declared that he is not in violation and is doing what DOC requires him to do. I agreed with him as he had reported as directed and had provided me a clean UA. P is adamant that he does not need MH treatment and claims that DOC conducted a MH evaluation while he was in prison and determined that he is not mentally ill. I told P that I would look into this but given his level of irrational fixation on legal matters

and the lengths he apparently has gone through to supposedly get out of supervision (travelling to Washington DC to do research on 19th Century legal decisions not available online) (it appears to me from my experience that P may have sort of severe personality disorder or delusional disorder... otherwise P is very functional and does not seem impaired. I will staff his case with other SNU staff and CCS Van Zandt and see if we can develop a plan to get him to engage in MH services. At the end of our conversation P was directed to report back to me on 11/6/14 and I gave him my BC and wrote this directive on the back.

p rep in office, abrasive and argumentative from the moment he walked through the door. wanted to remind me AGAIN that the court of appeals told him he is done with his sentence so we are holding him illegally and against his will. p started laughing stating he can't believe we are "making" him be homeless in seattle when he had a place to live in dc. asked for clarification as p had said last week he was staying in a shelter in dc; p said i was wrong and he had a place but "you guys" kept coming and kicking my door down. p filled out a mr form and in the comments section, he wrote "this is an infliction of cruel and punishment to be 'homeless' in seattle." informed p he has been transferred to cco wootress at the scjc. p immediately defensive and wanted to know why. explained to c that cco wootress will be able to better assist him with treatment, etc. p scoffed and said he doesn't need any treatment so he thinks being sent to someone else is a waste of his time. p also stated he hates the "4th office" and doesn't want to go there at all. provided p with my biz card directing him to rpt to cco wootress on 10.28.14 before 1p; also provided cco wootress' desk number.

and i didn't understand why he had such an abrasive attitude to start. conversation and tone changed for the better when his attitude was addressed. explained to p i know he is appealing his case BUT until i/we/doc see something in writing from the court releasing him from supervision, we retain jurisdiction and my expectation is that he complies with supervision. told him i am aware he has issues with our jurisdiction and his interactions with previous cco's haven't gone well. told p i will be respectful and have honest conversations with him and i absolutely expect the same in return. told him coming in with an attitude to start is a bad idea and suggested he think about how he presents himself to people; further stated the reason he might have received friction is due to his own attitude - food for thought. p said he completed a mh eval while in mcc pending his hearing - said he talked to 4 different people and was told part of the reason he was transported back on a private jet was to obtain a mh eval. told p i will contact douglas plitts/correctional mh counselor 2 for more information/confirmation. told p i can request an assessment appt for the cd tx condition via spectrum; p said he is not comfortable going to the 4th ave office and said he will continue look at outside tx providers. told p that was fine and to keep the spectrum idea as a plan b; p acknowledged. as i began telling p he is to rpt weekly, p interrupted me stating he has a valid address - 97 s. main. this is the bread of life mission, which is a homeless shelter where people are required to check-in daily and not guaranteed a spot. explained to p, per our policy, a homeless shelter (unless in a program bed) does not qualify as a valid/stable residence and therefore, we consider him to be homeless thus he is required to rpt weekly until further notice. p argued this will interfere with him working; asked p how he figured and if he is currently employed - answer no. said he is part of a union (union 440 - street pavers, sewer, watermain & tunnel workers) and may be able to get hired but this is not yet confirmed. p stated in the interim, he'd like to do day labor but "doc won't let me because they have to approve it daily" [with tone]. asked p what he was talking about, pulled his file and verified it is the standard employment condition where it must be a doc-approved employment/vocational program/community service. told p day labor is fine and encouraged him to work. conversation then shifted to his trip to dc - asked p how he got there as it confused me how he could get an lfo violation tossed out due to indigency. p said "don't worry about it" and that it was "none of your business." told p it absolutely is my business and i will continue to ask questions as i see fit. further explained to p that should he want to return to dc, he MUST do it the proper way via lcots otherwise he will be arrested and returned to wa state every single time aka further extending his time on supervision that he doesn't believe in. i was under the impression p had housing and employment in dc but after further discussion with p, that is not the case whatsoever. p was homeless and living in a homeless shelter and had a job for about a week; "it didn't pay well" so he didn't pursue it. provided p with another reporting instructions letter directing him to rpt next on 10.22.14 by 2p and reminded him of the req'mt to obtain a cd eval appt by 10.22.14.

call from p this date at 1256 hours stating he was at hmc. asked him why he's there; said he "just had surgery" and needs a letter from the doctor ris'ing him to be able to work. he then said surgery was in january. p said he needs to work, he's in a union and needs to talk to me about that. said he knows he has until 2p to rpt and wanted to know what happens if he can't be here by then. explained to him that he will then be in violation; p audibly scoffed and repeated "in violation." asked p what he's been doing all day - said he was at the law library this morning for several hours then went to hmc around 11a, where he's been ever since waiting to see the dr. explained to p that he should review his time management and at no point in that plan, did i hear anything about reporting. p asked where the office was then answered his own question with "8th & virginia," which i confirmed. i started to say something else and he cut me off asking where the office was. reminded him he JUST asked me that question, answered it himself, that he was here 4 days ago and he has the address on my biz card, reporting letter AND his hearing paperwork. p wanted to make sure i knew it's been a "real hardship" having to live in seattle the last week and he needs to get back to work/home. explained to p there is a process to get people transferred and every time he leaves the state, he will continue to be brought back. said "they" were mean to him and made it difficult in the past to get transferred. told him i didn't know who "they" were when he proceeded to list off previous cco's names (cco o'connor, cco bullard, etc). stopped p immediately, telling him i would not be discussing his interactions with previous ccos. told p again he had one hour to rpt or he would be in violation. p asked if i wanted him to come to the office now and go back to the dr later then hung up.

***late entry** P was brought to the office by the prison transport team. P was very impatient and wanted to leave the office. P was directed by me and CCS Mills to sit and not leave the office as we were dealing with an emergent situation. P was directed to stay in the Union gospel Mission as he stated he did not have any place to stay in Seattle. I gave him directions to the shelter as well as a homeless verification form which I directed him to fill out and bring in. I gave P his written instructions and expectations which was provided by CCO Isaacs and P's next report date is on Wednesday 10/16/2014.

Met with P at MCC/SOU in presence of CCO Helnemann. Served HRW/RAV packet after reviewing violations and discovery packet P requested and was given Annex H of J and S dated 1/6/12, printed from liberty by CC. P was argumentative and adopted victim stance as regards DOC. P is adamant that he was wrongly convicted and states he has an appeal pending and considers all his legal options. P also made veiled reference to non-legal options but would not elaborate. P stated that he would not report to Seattle DOC under any circumstances and would if necessary return to Washington/DC to continue his constitutional/litigation work that he has started. Reminded P that he would have to report to Seattle DOC and that if he had any alternative address or resources to submit. CCO would consider same as for any other offender. Showed P the DOC imposed condition that at he has MH/CD evaluations to complete but he refused to acknowledge these conditions as valid and required by law. P admitted that he had been drinking at time of instant offense and he does drink beer but does not

have an addiction needing treatment. Suggested to P that he considers positive release options and to kite CC or talk to CCO at hearing. P is aware of longest sanction date being 10/15/14 but repeated that he has no intention of reporting to DOC/Seattle upon release. P stated that DOC cost him his construction job that he had in DC. I reminded him that there would probably be construction jobs in Seattle available but he refused to consider that option. P felt aggrieved by DOC refusing him to live in Kent area and I explained to him that he probably has victim or NO contact concerns and suggested he comes up with alternative options. Prior to interview with P also staffed P's MH status with MHP/staff and indications are that there are no MH evaluations on record for P.

Emailed CCO:Hi EmilyJust an FYI as his start date is 9/15/14 he will be releasing on or before 10/15/14 as 30 day sis the maximum we can impose at this stage.Did you perhaps think of referring him to treatment? I could work on a PCN screen if he presents with a dual diagnosis. I am going to serve him his packet tomorrow and will speak with MCC staff to get more information if necessary. I've never met the guy before so you'll be steps ahead of me by meeting with him! Not sure if he'll be willing to go to treatment but I'm not opposed to it at all. Thanks for the information!

OOS HQ Records received a call from Chief David Rubenstein from the US Attorney's office stating the timeframe to pick up P cannot be extended beyond the 72hrs already granted. Since this is DC Law, P will not be held beyond Monday the 29th. Mr. Rubenstein did make a suggestion to contact a surrounding jail, outside of DC limits, to make arraignments and have P picked up and held until WADOC can come and extradite P. I then forwarded Mr. Rubenstein to the Transport Unit, Mr. Bowen, to continue with the discussion of making arraignments for a surrounding Co. Jail to house P.

Warrants contacted Washington, DC Metropolitan Jail Records (202-673-8257) and confirmed offender is still in custody, with an extradition hearing set for 10-15-14. I also confirmed that our DOC hold is in place and informed them that the Governor's Warrant is out the door. He was granted bail of 7K but hopefully he will not be able to post it. I then contacted Ms Melvin (Office of the US Attorney)(202-252-2408) and informed her that the Governor's Warrant was enroute and requested an extension if not received by 10-15-14. Ms Melvin stated that an extension could not be granted this far from his court date, however, requested that we contact her on 10-14-14 to confirm receipt of the Governor's Warrant. If not yet received, she will go to court and request a 7 day extension from the Judge informing him of the Governor's Warrant. She also stated that when we call on 10-14-14, she will inform us if there is any paperwork needed to present to the Judge. I would think by that time we would have the letter from the Governor's Office which we receive once the Governor's Warrant packets are forwarded to the holding state. This would probably be the best document to fax to her to present if she requires anything.

HQ RECORDS called the Office of the US Attorney (#202-727-4279) and spoke with Ofc. Pennington. I called to acknowledge receipt of their request for a Governors Warrant on Madsen, Kurt. Ofc Pennington stated, "P is in custody with a \$7000 bond and could possibly make bail." However, it's not expected for P to post bond and P is scheduled for a Hearing on OCT 15th. According to Ofc. Pennington the District of Columbia will give 72 hrs for the extradition of P after his hearing but we can request an extension, which will be at the discretion of the Judge. The contact to request an extension will be Ms. Melvin (#202-252-2408). Ms. Melvin is not in the office today but WADOC will attempt, tomorrow, to call her office.

****PHONE CALL**** I received a phone call from a Tabitha Chapman a few
minutes ago about offender Madsen. She lives in Washington DC and
said she met the offender a few weeks ago. Tabitha is a law student and
the offender asked her to help him with some paperwork for a law suit
that he is filing. She received an email from Madsen 12 days ago with
the paperwork he was working on. Tabitha didn't know the offenders
last name until she received the email. She got an uneasy feeling about

Madsen so she decided to google his name and she saw that he was wanted in Washington. Tabitha said that he is frequently at the Georgetown Law Library and the Library of Congress at the Madison Bldg. She had told Madsen that she lived on K Street and he told her that he lived close by. Tabitha said that she did contact the Marshals there in DC. Tabitha also left us a phone number that she can be contacted at but doesn't want Madsen to know that she has called us. Her phone number is 202-270-0947. Can you pass this information on to US Marshall Arnold Knight or I can call him. If you have any other questions feel free to contact me. Tabitha's phone number needs to be kept confidential.

Received a call from Marilyn at DSHS inquiring about P's compliance with supervision as he is there in her office to obtain benefits. I informed C that P just released from jail and DOC does not have a warrant for him. C stated she checked the warrants system and it indicated there was a felony warrant for P for Assault 2 in the system. I checked DISCIS and was not able to locate any active warrants and informed her that the warrant may have been DOC's warrant and that has been cleared. I informed C that P is required to report today or Monday, as he just released from jail. I heard P in the background and he stated he would be on his way to our office in a little while.

Reentry summary note. Patient briefly assessed while in confinement. A mental status exam, a brief review of the record and consultation with staff was conducted. He was adequately groomed and appropriately dressed in prison attire. He was oriented, able to register three words, repeat them back and calculate serial seven's. His speech was pressured, rapid in rate and volume was in the normal range. His mood was irritable, affect congruent and his associations tight. Overall his cognitive function was within the normal range. There was no overt evidence of psychosis, i.e., delusions or hallucinations. However, there was evidence for the presence of ideas that are persistent, whose importance is exaggerated, cannot be corrected by logical argument and appear acceptable to him. These fixed ideas center on his being versus feeling victimized, treated unjustly, discriminated against, disappointed, betrayed, and the most important person. He denied suicidal or homicidal ideation. He did recall a relative using a shotgun to kill himself. He reported his history is positive for Polysubstance use including alcohol, PCP and methamphetamine. He also reported a history that is positive for domestic violence. His infraction history includes strong arming, threatening, refusing search and refusing to disperse. He is currently unemployed, single, with limited access to pro-social support. The record indicates he has a history of violence, sexual assault, harassment and stranger violence. Clinical observation suggests the presence of externalized, compulsive and impulsive coping strategies. The mental status findings in conjunction with his history suggest his current risk for suicide is moderate to high. In combination the static and dynamic risk factors suggest he is a high risk for general violence. The facts bringing the patient to staff's attention, his thinking, his behavior and emotional responsiveness suggest he is a moderate to high risk for a kind of malicious harassment. Of concern will be further physical deterioration, psychological decompensation, his ability to access a weapon, to secure a weapon, any continued focus on a person

or persons, physically approaching the person or general area, substance abuse and a shift of attitude or tone in his communication to include more intense feelings of victimization, persecution, betrayal, or a need to be vindicated. Symptom severity indicates the need for psychiatric intervention, limits and controls, and a combination of intensive psychosocial interventions. A psychiatric assessment is recommended. A chemical dependency assessment is recommended. Mental health treatment including direct engagement regarding suicidal and homicidal ideation is recommended. Instituting a threat case management plan is recommended. Monitoring warning behaviors to further assess risk for targeted violence is recommended.

the following email sent 12/21/13 at 8:51pm was received by me on 12/26/13: However, apparently somewhere below the threshold of perception of the commentators, the power to search by official order was being extended by the British Government in the 18th Century, which circumstance was to play a large part in the coming of the American Revolution. As Mr. Justice Bradley put it in his famous opinion in *Boyd v. United States*, supra, 116 U.S. at 625, 6 S.Ct. at 529: "The practice had obtained in the colonies of issuing writs of assistance to the revenue officers, empowering them, in their discretion, to search suspected places for smuggled goods, which James Otis pronounced 'the worst instrument of arbitrary power, the most destructive of English liberty, 460*460 and the fundamental principles of law, that ever

was found in an English law book; 'since they placed 'the liberty of every man in the hands of every petty officer.' This was in February, 1761, in Boston, and the famous debate in which it occurred was perhaps the most prominent event which inaugurated the resistance of the colonies to the oppressions of the mother country. 'Then and there,' said John Adams, 'then and there was the first scene of the first act of opposition to the arbitrary claims of Great Britain. Then and there the child Independence was born.' These things, and the events which took place in England immediately following the argument about writs of assistance in Boston, were fresh in the memories of those who achieved our Independence and established our form of government. In the period from 1762, when the North Briton was started by John Wilkes, to April, 1766, when the House of Commons passed resolutions condemnatory of general warrants, whether for the seizure of persons or papers, occurred the bitter controversy between the English government and Wilkes, in which the latter appeared as the champion of popular rights, and was, indeed, the pioneer in the contest which resulted in the abolition of some grievous abuses which had gradually crept into the administration of public affairs. Prominent and principal among these was the practice of issuing general warrants by the Secretary of State, for searching private houses for the discovery and seizure of books and papers that might be used to convict their owner of the charge of libel. Certain numbers of the North Briton, particularly No. 45, had been very bold in denunciation of the government, and were esteemed heinously libelous. By authority of the secretary's warrant Wilkes' house was searched and his papers were indiscriminately seized. For this outrage he sued the perpetrators and obtained a verdict of £1000 against Wood, one of the party who made the search, and £4000 against Lord Halifax, the Secretary of State who issued the warrant. The case, however, which will always be celebrated as being the occasion of Lord Camden's memorable discussion of the subject, was that of Entick v. Carrington and Three Other King's Messengers....".[2] On Thu, Oct 31, 2013 at 2:54 PM, Kurt Madsen <madsen.appellant@gmail.com> wrote: Mary Bullard, (counsel and Court), including "mack.court" the executive officers court I will be unable to come to Seattle today, I met my obligation on October 29th, 2013. Also, I will not be submitting the address, which was arbitrarily denied and increased my punishment by 7 months, led to a denial of food for June and July 2013, and completed the terms of Appendix H, also August and September and October... Was Alex Kostin the AOG involved in the decision to deny me equal protection of the law and "Swift and Certain" which resulted in the additional 9 days? I recall him making some sort of threat, just prior to being arrested and shot in the back with some small harpoon, which sent 50,000 volts of electricity throughout my body, it's obvious the United States Constitution has no standing in the state of "Washington" what a disgrace. As I indicated and notified you and the Attorney General, who represents the "corrections" department, and it's unconstitutional officers, and the Executive State Court, which the "corrections" department relies upon the Appendix H to the J&S, the State Supreme Court has also received notification, where the appeal and personal restraint petition in this matter is pending, of the Notice of Removal to the United States District Court in Seattle. Court, which I must file a stay pending outcome in US DISTRICT COURT, I refuse to go begging in the Temple of Justice, or the Malign Regional Justice Center, only to be repeatedly denied, although my first experience at what the "corrections" department claims is a "Community Justice Center", I feared being kidnapped once again, and it makes me sick thinking I may have to return only to face more victimization by the "corrections" department, I will be seeking relief from the executive order (J&S) which has unconstitutionally empowered the "corrections" department. Therefore, I do not have the time to "check in" with you every other day, perhaps you'll use your unconstitutional authority and arbitrarily issue another warrant for my arrest as "corrections" officer Fred Johnson did, and extend the reach to deny me food again. However, I will be willing to avoid any further traumatic stress to my life, and report to your office next week. I don't think I have ADD as you suggested, I believe I have PTSD, from the tyrannical and arbitrary power inflicted upon me by the executive officers of Washington State, moreover, by those in the "corrections" department, who violate the 8th Amendment and have failed to take the mandated Article 6 Oath to support the United States Constitution. Which will be addressed in US District Court and the Ninth Circuit. Lastly, the last time I received a transfer to Auburn from Kent, I was not required to return to Puyallup for any reason, which may not matter due to removal to Federal Court. Please email me your decision. Have a Good Day... -- Kurt Madsen, Madsen.appellant@gmail.com -- Kurt Madsen, Madsen.appellant@gmail.com

Hearing - Presented at P's hearing this date. P was very adamant about how DOC does not have jurisdiction, stating several times that nowhere in his J&S does it state that that DOC legally has the authority to hold this hearing. P constantly questioned the H.O. on his authority and questioned everything that the H.O. said. P repeatedly asked questions about what law gives DOC jurisdiction, how long has the H.O. been working with DOC etc. The H.O. told P numerous times that if he continues this type of behavior that he would be escorted out and the hearing would be conducted without him. When CCO Bullard was called to provide testimony, P again began questioning her authority by stating she does not have the authority to issue a warrant. At this point the H.O. had P escorted out of the room and the hearing was conducted without P present. While P was gone, CCO Bullard finished her testimony. At which point the H.O. called CCS Conaty to hear his testimony. After we were done hearing CCS Conaty's testimony the H.O. made an attempt to get a hold of Perry Madsen P's brother at 243.653.5107 at the request of P during the beginning of the hearing. However, Perry Madsen did not answer and the H.O. left a message identifying who he was and why he was calling. The H.O. left a phone number for Perry Madsen to call back, it is to my knowledge that Perry Madsen did not return the H.O.'s call. Lastly, the recommendation portion of the hearing was conducted without P being present. Should be noted P sanctioned to 30 days confinement with CFTS and is to release on 12/18/13. Also told P to report to DOC within (1) business day of release. Scanned and e-mailed hearing paperwork to CCO.

Case Staffing (JS) ,
Swift And Certain (SW)

Late Entry: This Case Staffing took place last night/11-20-13 with CCS John Conaty and his partner Kris Rongen. The NW CRU D-Fat team received a warrant for P for FTR; p is also a person of interest and under investigation for threatening a Judge in KC, by sending letters to her. P was located at his brother's house in Kent (note: this is the address listed on P's driver's license/ID). A NW CRU team and Kent PD went to the home, conducted surveillance and located P. Brother came out-said P was not there; NW CRU et al located P inside the house and he refused to come out. Teams located P in a bedroom and although resistant, they were able to apprehend him. I've approved Aggravation of this case due to resistance and refusal to comply with a command.

NW CRU/D-FAT and SPC/NCI (Tavarez): Went to P's DOL address (24608 116th Ave SE, Kent, WA). We received information that P was staying at this location with his brother, Perry Madsen. Went to Kent PD and briefed Kent SIU Detectives. Per Kent PD P was arrested at the above address on 10/17/13. At that arrest Perry was contacted and denied P was present, however P was eventually arrested at the address. Went to the address this evening and made contact with Perry. We had the residence surrounded and called out multiple times for P to exit the residence. Perry came outside and was evasive about whether or not P was inside. Perry had different stories about where P was inside the residence and what he was doing inside. We repeatedly called out to P over a loud speaker to exit the residence, but he refused. We went to the front door and announced ourselves. As we entered the residence we heard a voice tell us to get out and show him a warrant. We directed the male subject to come out and he refused stating we couldn't be in the residence. We advised we were DOC and Police and male needed to come out. We eventually were able to get P into custody. P transported and booked into SCORE jail by CCS Tavarez and SPD Ofc Conrad. Due to P's physical resistance I recommend P be held for a hearing to address his violations. CCO Bullard notified via email. Forwarded to CCS Mills for consideration for aggravation.

THE FOLLOWING EMAIL WAS RECEIVED: Court and Counsel and executive officer mack.court@kingcounty.gov Did the Court and Counsel receive the Notice of Removal pursuant to 28 USC 1455? I tried to scan the "golf pencil" document, however, my efforts were fruitless. I intend on filing a second notice, which will contain the documented evidence, therefore, perhaps, everyone should wait for scanning into the public servants exclusive data centers. What is the Courts (Supreme Court) {not executive court position} upon filing a motion to stay the proceedings pending determination by the US District Court? considering 28 USC 1455 (b) (3) "... except that a judgment of conviction shall not be entered unless the prosecution is first remanded " Considering my "trial" was a farce, and the issues addressed in the first notice and additional reasoning, which shall be articulated in the Second Notice, I can show "good cause" for the late second notice. Is the State Supreme Court going to permit the unconstitutional executive warrant stand pending determination by the US District Court? Moreover, is the State Supreme Court going to allow, the executive officers of the "corrections" department continue to perform acts exclusive to the Judicial Branch, whereby given under the unconstitutional authority of an executive officers order, who now unconstitutionally claims exclusive jurisdiction? Additionally, a conflict of interest was involved in allowing the mack.court to forward the 7.8(b) motion, and there is an ongoing conflict in allowing a continued denial of access to the Malign Justice Center, where I could perhaps receive speedy relief if not for all of Daniel T. Satterbergs "judges". My concern is this transfer contains complex elements, which will take time to perfect, I anticipate completion in the next few weeks, however, nothing stops the arbitrary actions of the "corrections" department and their exploitation of unconstitutional power. Can the State Supreme Court inform me of it's position? Perhaps, it's a little late in the day to receive a reply today, therefore, I'll work on a motion to stay the proceedings

P came in after release from SCORE. P was confused about where to report showed me a letter from CCO Daviscourt stating he needed to report to CCO within 4 hours of his release but was told at the hearing that he had 24 hours. I stated that p should be reporting to Seattle asap and gave him a bus ticket. P claimed to be taking care of "Court business" all day and that's why he was still in Kent but stated he was not allowed to be in Kent. I stated his case is in Seattle, his CCO is in Seattle and he needs to report to the DO in Seattle if CCO is not in.

day, you are to report by no later than 9:00 am the following business day. I would also like to alert you that you may not completely understand how the "Swift and Certain" supervision model works. You are not under that system until you have completed "orientation" which you apparently were unwilling to cooperate with today. This will however, suffice for successfully completing "orientation." You will be happy to know that in the near future some of the rules will change. When you go on warrant, you automatically earn a full hearing and are no longer eligible for a 1 to 3 day sanction. Instead you will possibly earn a full 30 day sanction.

Served P this date with hearing paperwork and intake and SAC paperwork. P kept interrupting me and claims he was being treated unfairly as he should get 3 days. Claims the law applies to him too. P then was angry about his hearing date. Every time I attempted to explain the process he talked over me and refused to listen and kept saying I was wrong. I was able to go over SAC and intake paperwork which I labeled as refused to sign. P informed me to tell his CCO he would not report upon release and that he will probably just flee to California. P states he refused to "ever pay a dime of that restitution money". Scanned and e-mailed paperwork back to CCO.

To: Johnson, Fred H. (DOC); Johnson, Kathleen T. (DOC) Subject: RE: MADSEN, Kurt Randall (964228) Community concerns on this one are in south King County. P has not been compliant with community custody in past and has spent a lot of time on warrant status. He tried to submit a release address to Kent and that was denied because of community concerns in south King County. The majority of his criminal history has occurred in south King County. P may still try and live with family in Kent. DOC VSP would recommend that p have geo boundaries imposed to stay out of Kent area south in King County and that he not be allowed to live or stay overnight in this area. He will likely dispute this. He has had behavior problems at prison and tends to be legally litigious. Let me know if you have questions about this. Thank you, Angella

support his law library use as he is entitled to its use in normal procedures. He related that he has found he is on his way to WSR so his need is less. He also indicated he was threatened by his counselor in Evergreen Hall to not file grievances as this would add to his time. We asked if he was having difficulties since his transfer to R4 3/13/13. He indicated that he was not. I asked that if P starts to have any difficulties with any staff that he bring this to my attention by approaching the booth in a respectful manner and indicating that the CUS wished to talk to me. He agreed that he would do so. Staff have been informed of this process. P is not now requesting placement in Protective Custody.

P was provided a copy of his earned release date and all of his questions in reference to earned time and good conduct time were answered. He tried to discuss points of law and RCW, and I referred him to go to the law library if he had further questions about a law. P had previously been provided information about the WAC/RCW, and DOC policy by the WCC records manager.

Signed 4 separate postage transfer forms for indigent mail to be mailed to superior court and other legal mails, verified TAS to ensure indgency.

Spoke with P this date. P was returned to this Unit yesterday. I explained to P that I could not resubmit a Housing Voucher application until 2/4/13 due to his recent infraction. P stated that he did not want to utilize the Housing Voucher and that he would just MAX out homeless. I informed P that I would be on A/L and that when I return I will have another conversation regarding his release plan. P stated "I'm releasing homeless and do not need to talk to you anymore."

ORP denial Denying ORP this date due to there not being a room available in PHS housing on his projected release date. Also P is not eligible for housing voucher assistance until 02/04/13. P's class counselor was given the name of the Regional Housing Specialist, Chad Winfrey to research other housing options. CCS Johnson notified of the denial.

I met with P and discussed the revocation of his Housing Voucher. He accepted the sanction but believed it was more excessive than was necessary for his infraction.

SP- TC from [REDACTED]. Let her know p's release plan has changed. Let her know he was infracted and is not eligible for voucher program until Feb. She has contacted Kent PD re: her home being broken into. She continues to work with community based program.

DUE TO 12/4/12 SERIOUS INFRACTION, P IS PLACED ON 60 DAY PROBATIONARY PERIOD FOR VOUCHER ASSISTANCE. HE WILL BE ELIGIBLE TO REAPPLY ON OR AFTER 2/4/13

Late entry 12/10/12*** in a correspondence with Michael Langone at PHS he stated that he was unable to tell me if he will have space for

CS- Sent email to CCO Nathan and CC Walker:CCO Nathan- You were just assigned this case lucky you. There are community concerns in south King County. He submitted an address to Kent that has been denied based on those community concerns. His current cause is not DV related, but his 2004 cause was for DV. This crime is basis for community concerns. Last time he released from prison he was not in compliance at all and CRU spent a lot of time chasing him around. He is now trying to release to Pioneer on voucher. He has 35 day notification and is past his ERD. There are no issues with this proposal. He will need geo boundaries to keep him out of south King County. He is likely to appeal and dispute everything. He is extremely litigious and has been successful in past in a variety of appeals he has filed.

I spoke with Madsen regarding his legal mail. He showed me 1 legal document with a deadline of April 20, 2012 but he had not written a letter for the document to be sent out. He stated that he had already sent his legal mail with no copy for himself because he was unable to get copies. He asked me to send an E-mail to the court to have a copy sent back because he has no money. I did not send an E-mail and told him I would not send one.

MADSEN V SMITH 15-5192 MOTION FOR GENUINE CORRECTIONS

Counsel,

I am requesting assistance to have the attached motion and documents filed in the Court, since I have yet to receive an order for ECF filing, fraud was committed and I should have received discharge through 18 USC 3182...

You might want to reconsider your position as far as defending traitors, when you should prosecute them.

Also all ECF filings, since IFP and unable to pay PACER fee you received notice of Since 9-29-2015. It was free so I should have them free and not charged a fee, I was not permitted access to anything, except a golf pencil and paper, oh and "first class" mail, after returned to face involuntary servitude without being duly convicted via 18 USC 3182.

Therefore, could one of you send the documents I would like to have them.

Lastly since I was not discharged I was recharged under the same warrant as you can see in the Exhibits, this "warrant" removed me from the Law Library of Congress, I knew the "warrant" was bogus that is why I demanded to see it before Appellee allowed me to be kidnapped and taken back to the land of lawlessness to serve involuntary servitude perpetually.

I would like a decision on assistance on efileing perhaps you could ask your comrade Robert Little.

I'll keep Congress informed of the information.

Thank You

I'll wait until Monday to Print and send Third-Class mail.

Kurt

You might want to consider the position of your comrades Robert Little and
Susanne Curt.

How and why are you defending treason upon the Constitution of the Union of

the United States.

Has the teamsters union corrupt the Department of Justice?

If you have someone who can do some research see attached "information"...

It is my opinion as a preponderance of the evidence suggests not only is the "corporation" of the District of Columbia corrupt the DOJ office at 555 is also corrupt.

Attached are some motions which contain the tip of the evidence.
am back in DC an would like to speak with a corruption specialist.

Also to prevent anymore infiltration into NCIC an entering bogus "warrants"

Thanks
